

**School of Social Work - The University of Maine
Orono Campus**

Directions

From Interstate 95 (coming either North or South) get off at Exit # 193 (formerly exit #51) - Stillwater Avenue/Old Town - I-95 and head toward the Burger King, the Texaco Station and the shopping center that will be on your left. Continue driving down Stillwater until you reach the fourth traffic light by McDonald's and KFC. Take a right at this intersection onto College Avenue. Follow College Avenue for approximately two miles, past the hockey rink (Alfond Arena - the building is in the geodesic style) on the left, and past a large parking lot near the river on the right. You will see the steam plant at the end of the parking lot on your right, be prepared to take the next left to turn onto campus. This left is shortly after the steam plant.

Shortly after you turn left, bear to the right and you will go past the President's house (a large Victorian). When you reach the end of the road turn to the right at the corner across from Winslow Hall (The Graduate School) and then take the first left after the white building (The Maples) on the corner. Take the next right and you will go past three buildings on your left: Hitchner Hall, Nutting Hall, a couple of green houses set back and finally Libby Hall (the fourth building on your left). Take the first left after Libby Hall, the road is adjacent to it, and there is a sign for Social Work Building. The Social Work Building (formerly Annex C) is at the end of the parking lot on the right. If you will be attending one of our MSW information sessions we will provide temporary parking permits. If you are coming to campus on your own please stop in at Public Safety and pick up a temporary parking pass and/or visitor information. If you need directions to the Public Safety building please call 581-4040. If you need further directions, please call 581-2389.
