

# Some Early Reports and Publications Dealing with Deer Wintering Areas in Maine<sup>a</sup>

Compiled by  
**William B. Krohn, Leader**  
**Maine Cooperative Fish and Wildlife Research Unit**  
**U.S. Geological Survey**  
**University of Maine, Orono**

- Alkon, P. U. 1959. A study of nutritional and palatability values of hardwood slash as winter deer food. M.S. Thesis, University of Maine, Orono, Me. 88pp.
- Banasiak, C. F. 1961. Deer in Maine. Maine Department of Inland Fisheries and Game, Game Division Bulletin No. 6, Augusta, Me. 159pp. [Pages 34-36,56-58,76-82, and 112-113 about deer yarding behavior and deer-yard habitat management].
- Bateman, M. C. 1972. Winter shelter: some effects on the behavior and physiology of penned white-tailed deer. M.S. Thesis, University of Maine, Orono, Me. 100pp.
- Bissonette, J. A. (editor). 1982. Deer winter habitat management. Maine Agricultural Experiment Station, Miscellaneous Publication Number 679, University of Maine, Orono, Me. 93pp.
- Day, B. W. 1963. Winter behavior of white-tailed deer in north-central Maine. M.S. Thesis, University of Maine, Orono, Me. 137pp.
- Gill, John D. 1957. Review of deeryard management, 1956. Maine Department of Inland Fisheries and Game, Game Division Bulletin No. 5, Augusta, Me. 61pp. [Pages 58-61 provide a useful bibliography on the early literature dealing with deer wintering habitats throughout their northern range.].
- \_\_\_\_\_. 1966. What's a deer-yard in Maine? *The Northern Logger*, 14 (8): 14-15, 28.
- Glasgow, L. L. 1948. A winter habitat study of deer in Maine. M.S. Thesis, University of Maine, Orono. 126pp.
- Harlow, R. F. 1949. A browse survey of winter deer yards in central Maine. Report for a graduate game management course, University of Maine, Orono, Me. 65pp.
- Hodgman, T. P., and T. R. Bowyer. 1986. Fecal crude protein relative to browsing intensity by white-tailed deer on wintering areas in Maine. *Acta Theriologica*, 31 (26): 347-353.

- Hugie, R. D. 1973. A winter study of deer mobility in west-central Maine. M.S. Thesis, University of Maine, Orono. 54pp.
- Hutchinson, A. 1976. 1976 deer wintering survey of the St. John-Dickey-Lincoln project area. Maine Department of Inland Fisheries and Wildlife, Augusta, Me.
- Jenks, J. A., and D. M. Leslie, Jr. 1989. Digesta retention of winter diets in white tailed deer (*Odocoileus virginianus*) fawns in Maine, U.S.A. Canadian Journal of Zoology, 67 (6): 1,500-1,504.
- Land Use Regulation Commission (LURC). 1982. Policies concerning deer yard issues. LURC, Maine Department of Conservation, Augusta, Me.
- Leslie, D. M., Jr., J. A. Jenks, M. Chilelli, and G. R. Lavigne. 1989. Nitrogen and diaminopimetic acid in deer and moose feces. Journal of Wildlife Management, 53 (1): 216-218.
- Ludewig, H. A., and R. T. Bowyer. 1985. Overlap in winter diets of sympatric moose and *Alces alces* and white-tailed deer *Odocoileus virginianus* in Maine, Journal of Mammalogy, 66 (2): 390-392.
- Marston, M. A. 1942. Winter behavior of deer in northwestern Maine. M. S. Thesis, University of Maine, Orono, Me. 37pp.
- \_\_\_\_\_. Guidelines for maintaining white-tailed deer winter habitat in the spruce-fir forest of Maine. Pages 215-235 in J. A. Bissonette (editor). 1986. Is Good Forestry Good Wildlife Management. Proceedings of a joint conference of the New England Chapter of the Society of American Foresters, Maine Chapter of The Wildlife Society, and the Atlantic International Chapter of the American Fisheries Society. Maine Agricultural Experiment Station, Miscellaneous Publication Number 689, University of Maine, Orono, Me.
- Newton, M., E. C. Cole, R. A. Lautenschlager, D. E. White, and M. L. McCormack, Jr. 1989. Browse availability after conifer release in Maine's spruce-fir forests. Journal of Wildlife Management, 53 (3): 643-649.
- Robinson, W. L. 1959. A study of winter shelter requirements of penned white-tailed deer. M. S. Thesis, University of Maine, Orono, Me. 139pp.
- \_\_\_\_\_. 1960. Social dominance and physical condition of among penned white-tailed deer. Journal of Mammalogy, 43 (4): 462-469.
- \_\_\_\_\_. 1962. Test of shelter requirements of white-tailed deer. Journal of Wildlife Management, 24 (4): 364-371.

Sanford, R. M. 1976. Characteristics and use of deer habitat in south-central Maine. M. S. Thesis, University of Maine, Orono, Me. 45pp.

Stanton, D. C. 1963. A history of the white-tailed deer in Maine. Maine Department of Inland Fisheries and Game, Game Division Bulletin No. 8, Augusta, Me. 75pp. [Documents the pioneering of the white-tailed deer into northern Maine, and the development of the idea that vegetative shelter was needed to lessen the effects of deep snow as a major mortality factor on deer.]

---

<sup>a</sup> - Excluding articles published after 1989 as these can be readily located via searches of computerized databases on the internet. The deer management plan by the Maine Department of Inland Fisheries and Wildlife, available on-line, contains a geographically and temporally broader list of publications relative to deer wintering areas (DWAs), and discusses the importance of DWAs to deer management.
