

College Of Education & Human Development

The College of Education and Human Development is reaching out to its graduates and friends. One of our goals is providing more frequent information about our work and how it can benefit you and your students. We also seek your suggestions of how we might better serve you. In turn, going forward, we hope to offer a variety of opportunities for you to be more engaged with us. As a first step, please consider completing this form and return it to Theresa McMannus, College of Education and Human Development, 5766 Shibles Hall, Orono, ME 04469.
