Paul Chabot Talks to Greeks  
Thursday night, nationally renowned speaker Paul Chabot spoke to the Greek community about the dangers of drugs and alcohol. Paul spoke about the problem of "Group Think," a tendency of people to follow the group instead of acting under their own free will. Paul also explained the problems of the drug MDMA, or "Ecstasy", and how to identify someone who is taking the drug. He noted that less than 5% of people in the United States take illegal drugs. If you have any questions about drug and alcohol abuse, please contact Lauri Sidelko at 581-3642.

Congratulations  
Jennilee Holmes on being appointed the new Vice President of Recruitment for Panhel!!
