

Park here if you have just a visitor's parking pass

Tips:

1. Come down Grove St Extension, to Square Rd.
 - **If you have just a visitor's parking pass;** continue to go straight (don't turn right onto Square Road), and park in the York Village Lot.
 - **If you have a staff parking pass:** take a right on Square Road and follow the bend around past York Hall and continue toward the Aroostook parking lot. You may park directly outside of the Safety and Environmental Management (located at the end of the Aroostook Lot).
2. Safety and Environmental Management is building 7 (located at the end of the Aroostook Lot) The buildings in York Village may not be labeled 4, 5, 6, etc. They may be labeled 40-something, 50-something, 60-something, etc. The Safety and Environmental Management building does not have a building number, but it does have a blue sign out in front.
