

## *School of Marine Sciences Seminar Series, Spring 2010*

Except as noted with ‘\*\*’, all seminars are in Room 354, Aubert Hall  
at 11:00 am on Fridays. Refreshments are available at 10:45 am

<i>Date</i>	<i>Speaker and Title</i>	<i>Host</i>
January 15	<i>Dan Pendleton</i> , Research Assistant, GMRI/Cornell/UM/NOAA, “ <i>Models of North Atlantic Right Whale Habitat.</i> ”	Adria Elskus
January 22	*** <b>Dr. Debra Bronk</b> , Professor of Marine Science, Virginia Institute of Marine Science (VIMS), “ <i>Bioavailability Of Dissolved Organic Nitrogen In Aquatic Systems.</i> ”	Mary Jane Perry
January 29	** <b>Dr. Ben Letcher</b> , Ecology Section Leader, Conte Anadromous Fish Research Center, USGS/BRD, “ <b>Population Persistence of Brook Trout: Models and Forecasts.</b> ”	Adria Elskus & SBE
February 5	<b>Dr. Thomas Kiorboe</b> , Professor, Technical University of Denmark (sabbatical at MIT), “ <i>Zooplankton Ecology and Modeling.</i> ”	Lee Karp-Boss
February 12	<b>Dr. Maria Nielsdottir</b> , National Oceanography Centre Southampton, “ <i>Natural Iron Fertilisation in the Scotia Sea.</i> ”	Ivonia Cetinic
February 19	<b>Dr. Warren Riess</b> , Research Associate Professor, School of Marine Sciences, UMaine, “ <i>Teaching Online for UMaine: The Good, the Bad, the Possibilities.</i> ”	Mary Jane Perry
February 26	<b>NO SEMINAR</b>	
March 5	<b>SPRING BREAK -- NO SEMINAR</b>	
March 12	<b>SPRING BREAK -- NO SEMINAR</b>	
March 19	<b>Dr. Ivona Cetinic, Post-Doc, School of Marine Sciences, TBA</b>	Mary Jane Perry
March 26	<b>Dr. Brian Rothschild</b> , Montgomery Charter Professor, School for Marine Science and Technology (SMAST), “ <i>The Overfishing Problem.</i> ”	Yong Chen
April 2	<b>Dr. Nick Makris</b> , Professor/Director of the Laboratory for Undersea Remote Sensing, Massachusetts Institute of Technology (MIT), “ <i>Rapid Formation of Vast Oceanic Fish Shoals Observed Using Ocean Acoustic Waveguide Remote Sensing (OAWRS).</i> ”	Pete Jumars
April 9	<b>Dr. Gary Saunders</b> , Professor/Dept. Chair, University of New Brunswick, Fredricton, “ <i>Molecules Versus Morphologies - Lessons Learned From a Contemporary Floristic Survey of Canadian Seaweeds.</i> ”	Susan Brawley
April 16	<b>NO SEMINAR</b>	
April 19	*** <b>Dr. Arthur Grossman</b> , Professor, Dept. of Plant Biology, Carnegie Institution, “ <b>Tailoring Cyanobacterial Metabolic Processes to Environmental Conditions.</b> ”	Susan Brawley
April 23	**** <b>Dr. Steve Palumbi</b> , Director of Hopkins Marine Station, Stanford Institute for the Environment, <b>TBA</b>	Mahima Jaini
April 30	<b>Dr. Lee Karp-Boss</b> , Research Assistant Professor, School of Marine Sciences, UMaine, <b>TBA</b>	

\*\* Murray Hall Conference Room, 3 p.m.

\*\*\*Buchanan House

\*\*\*\* Arthur St. John Hill Auditorium, Room 165 (formally Barrows Hall) at 11 a.m.
