

Creative Design at CAD Camp 2009

Sponsored by the College of Engineering
and featuring the
Maine Bound Adventure Center

*A Week of Creative Fun,
Teamwork, and Recreation*

Resident or Commuter
Students entering grades 9-12
July 5-10, 2009

CAD CAMP 2009

"I enjoyed this camp very much. I learned a lot and felt that I made new friends. The camp was well run and I felt it was set at a good pace. The food was good and the Maine Bound programs were fun!" - Madison -CAD Camper

Campers arrive Sunday afternoon, and are met by faculty and Maine Bound staff members to settle in. Girls and guys are housed in separate wings of the dormitory. Campers will choose their meals from the variety offered at one of the food court dining areas. Days are split into CAD instruction and recreation. Campers experience some of the latest in CAD design software for 3D modeling in the UM state of the art computer lab. They head into the wilds of the University Forest for the ropes courses, to the Maine Bound Adventure Center for some climbing wall experience, and to the Stillwater River for canoeing.

The closing barbecue gives campers a chance to show off their creations.

CAD CAMP STAFF

University of Maine faculty, professionals, and staff support CAD Camp.

Experienced faculty members from the Mechanical Engineering Technology program provide camp CAD instruction. Campers leave with new computer skills and career training – and they have so much fun along the way they'll want to learn more!

Staff members of the UM Campus Recreation Maine Bound Adventure Center serve as counselors.

Camp Director: Karen J. Horton, P.E., Associate Professor, Mechanical Engineering Technology
CAD Director: Claude Junkins, Cooperating Lecturer in Mechanical Engineering Technology
UM Campus Recreation: Lisa Carter, Coordinator, Maine Bound

Maine Bound Adventure Center

The staff members at the Maine Bound Adventure Center provide campers with loads of challenging, non-competitive activities. There is no pressure to do the 'high wire' act for those not up for that rush of adrenaline. Maine Bound provides a fun, relaxed atmosphere to experience teamwork, trust and lots of interesting activities.

"I thought the camp was extremely fun. I've been to a lot of sports camps before, but none as fun as this one. I really enjoyed the different things we created using the CAD program and the recreation activities." -Matt –CAD Camper

"The camp was a lot of fun, I learned a lot about CAD. The afternoon activities were great too. We learned to work together doing challenging activities." – Courtney –CAD Camper

Computer Lab

The computer classroom is air-conditioned and has modern computers. Comfortable seating and lots of individual help from our team of CAD faculty professionals! Campers have a great time creating interesting computer models such as the following picture and exchanging ideas with their new CAD Camp friends!

Registrations must be received by June 26, 2009. Cancellations received after June 5, 2009 will **not** be refunded. Cancellations received before June 5, 2009 will receive full refunds minus \$20 processing fee. Resident price includes lodging and meal plan.
