

DEAR STUDENT:

Welcome to the University of Maine School of Performing Arts Division of Music. The Division of Music is an accredited institutional member of the National Association of Schools of Music. It offers a variety of programs to prepare students for careers in music. It also provides a wide range of activities for music majors, for students in other disciplines, for members of the University community, and for the greater musical community of Maine at large.

This Student Handbook contains information about the degree programs and policies of the Division of Music. Study it carefully and retain it for your personal files, along with other papers related to your registration and progress toward the goals you have established. You should also become familiar with relevant information that can be found in the most recent Undergraduate Catalog (www.catalog.umaine.edu), on the Office of Student Records website (<http://studentrecords.umaine.edu/academics/registrationchecklist.htm>), the School of Performing Arts website (www.umaine.edu/spa) and in the University of Maine Student Handbook (www.umaine.edu/handbook).

MISSION, GOALS AND OBJECTIVES

Mission

The central mission of the Division of Music in the School of Performing Arts is to provide for the education of undergraduate and graduate students majoring in music, as well as that of interested students from the University at large. Through the integration of academics and performance, the division furthers the knowledge and appreciation of music on campus, throughout the state, in the region, and beyond.

Goals

Primarily, the Division offers the future and present music educators of our state and region degree programs at the Bachelor's and Master's levels. Teaching, service and creative activity are therefore principally focused on the professional degree programs that serve the music education community. In order to further assist our students to attain the goals to which they aspire, we provide the Bachelor of Music degree in performance and the Bachelor of Arts degree. The Master of Music degree in Music Education serves a vital function for the reaccreditations and promotion of public school music teachers in Maine and in the region. We also offer Master of Music degrees in Performance and in Conducting, which provide an important range of programs for the professional musicians and music educators who seek admission to our School. The faculty and students of the Division of Music serve as an educational and cultural resource. Our musical and pedagogical skills are available and visible through performance, composition, publication, continuing education efforts and consultation, which keep us actively connected with that population from which our students come and to which they return.

Objectives

- To provide the training and opportunities that benefit our students as music educators, both by developing our curriculum to meet changes in the field and by interfacing with the public schools of Maine and responding to their needs.
- To provide such guidance as can make our students competitive in the field and in graduate study.
- To provide organizations and performing groups for all students at UMaine that enrich their musical experience during their college career.
- To provide curricula leading our students to graduation in their respective degree programs.
- To encourage musical performance and/or the creation of scholarly knowledge by our faculty.
- To serve the unit, campus, state, and professional discipline as musical and academic experts.

- To review and evaluate these objectives regularly to ensure adherence to the highest standards and fulfillment of our mission and goals.

1. NON-DISCRIMINATION NOTICE

In complying with the letter and spirit of applicable laws and in pursuing its own goals of diversity, the University of Maine System shall not discriminate on the grounds of race, color, religion, sex, sexual orientation, national origin or citizenship status, age, disability, or veterans status in employment, education, and all other areas of the University. The University provides reasonable accommodations to qualified individuals with disabilities upon request.

Questions and complaints about discrimination in any area of the University should be directed to the Office of Equal Opportunity, The University of Maine, Room 101, 5754 North Stevens Hall, Orono, ME 04469-5754, telephone (207) 581-1226 (voice and TDD). Inquiries or complaints about discrimination in employment or education may also be referred to the Maine Human Rights Commission. Inquiries or complaints about discrimination in employment may be referred to the U. S. Equal Employment Opportunity Commission.

Inquiries about the University's compliance with Title VI of the Civil Rights Act of 1964, which prohibits discrimination on the basis of race, color, and national origin; Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, which prohibit discrimination on the basis of disability; Title IX of the Education Amendments of 1972, which prohibits discrimination on the basis of sex; and the Age Discrimination Act of 1975, which prohibits discrimination on the basis of age, may also be referred to the U. S. Department of Education, Office for Civil Rights (OCR), Boston, MA 02109-4557, telephone (617) 223-9662 (voice) or (617) 223-9695 (TTY/TDD). Generally, an individual may also file a complaint with the OCR within 180 days of alleged discrimination.

I. ADMISSION AND REGISTRATION

A. Admission to the University

1. Entering students should go to the Undergraduate website www.catalog.umaine.edu for the current Undergraduate Catalog.
2. Students should become familiar with the sections of the Catalog dealing with the specific music degree they wish to pursue. (Bachelor of Music in Performance, Bachelor of Music in Music Education, or Bachelor of Arts with a Major in Music).

B. Entrance to the Music Program (BM in Performance, BM in Mus. Ed., BA in Music)

1. First-year students

a) Music Education only

- (1) A 250 word essay must be completed by all individuals applying to the music education degree program. This essay must be received by the School of Performing Arts at least one week before the audition; it will be reviewed by members of the music education faculty prior to the audition. The essay should address the following questions:

- (a) Why do you want to become a music teacher?
- (b) What experiences have you had that will be beneficial to you as you work toward this goal?

- (2) All prospective music education majors must successfully complete an interview with a member of the music education faculty at the time of audition.

b) Auditions: All entering students must perform and pass a music audition before admission to the University as a music major.

- (1) Auditions may include the following:

(a) Prepared selections--

- (i) Instrumentalists: At least one work that displays technique and one that demonstrates musical expressivity.
- (ii) Singers. At least two selections (one in a foreign language) representing contrasting styles and selected from the standard repertoire. Memorization is preferred.
- (iii) Percussion auditions: Please follow the guidelines in the separate document "Percussion Audition Requirements" available both from the School of Performing Arts Office and on the Internet at <http://www2.umaine.edu/percussion/Audition.html>.

(b) Sight reading.

(c) Repertoire. Students should bring a list of the music they have studied during the last two years.

- (2) Students unable to visit the campus before registration may submit a solo performance recording to the Auditions Committee, in care of the Music Division.

(3) On-campus auditions may be considered entrance auditions.

(4) Former students planning to return to the campus to resume their studies as music majors must re-audition for readmission into the music program if they have been away for one year or more.

(5) Prospective students may audition once per academic year. The audition committee in exceptional cases can issue a waiver of this policy.

(6) Auditions are also required for membership in certain major ensembles as specified in the Undergraduate Catalog.

c) Applied Lessons: 1

- (1) At the discretion of the applied instructor, applied lessons may be partially delivered in group or studio class format.

- (2) Scheduling. Non-music majors must audition with an applied music

¹Music majors will be allowed to study private piano only after completion of MUP 205, 206, 215, 216, or successful completion of the equivalent piano proficiency exam. Does not apply to piano students.

instructor before scheduling a applied lesson time. All students should contact their applied instructors early in the semester, after completing auditions, to schedule lesson times. Students who study with part-time faculty may arrange to contact their teacher through the School of Performing Arts Office.

- (3) Applied Lesson Fees (in addition to tuition). A \$200 course fee is charged to music majors for applied lessons (MUS210-MUS450). Non-music majors must pay a course fee of \$300.00 per credit hour for applied lessons.
 - (4) Credit. A weekly half-hour lesson (MUS201) earns one credit per semester; a weekly one-hour lesson (MUS210-MUS350) earns two credits per semester. Upper division level performance majors enroll in MUS450 and receive 4 credits for their one-hour lesson. No credit will be granted for applied studies from instructors other than the faculty of the University of Maine Music Division.
 - (5) Attendance. Students should consult their applied instructors regarding attendance at lessons and the instructor's policy on making up missed lessons. In the event of an instructor's absence from a scheduled lesson, arrangements will be made for a make-up lesson.
- d) Theory Examinations: Undergraduate music majors must complete a three-year curriculum in music theory, depending on the degree program. Students entering the program will be placed in Elementary Harmony I (MUY 111) and Elementary Sight Singing and Ear Training I (MUY 113). (BA students are not required to take MUY 113.) Transfer students and students who have taken Advanced Placement Music Theory must pass a representative examination before taking upper level theory courses. Inquiries regarding information on preparatory study materials and on the general content of the representative examinations may be directed to staff at the School of Performing Arts Office, who will find the appropriate faculty to help you.
 - e) All application materials and recordings should be submitted by February 1. For optimal consideration for scholarship awards, this will be particularly important. Audition times can be reserved during any weekday that is convenient for the student. Information regarding auditions can be obtained by contacting the School of Performing Arts Office at 207-581-4703.

2. Transfer Students

- a) Transcript evaluation. Upon admission to the University, all transfer students should send a copy of their transcript to the Office of the College of Liberal Arts and Sciences in Stevens Hall for evaluation. A cumulative grade point average of 2.5 is required for transfer credits. At that time transfer students will receive information regarding their required courses and registration for the first semester. Evaluation of Applied transfer credit will be determined after the Audition for the Music Program.
- b) Auditions. See statement 1.b. under Entrance to the Music Program.
- c) Theory Examination. A theory examination may be required. See statement 1.d. above.
- d) All application materials and recordings should be submitted by February 1. For optimal consideration for scholarship awards, this will be particularly important. Audition times can be reserved during any weekday that is convenient for the student. Information regarding auditions can be obtained by contacting the School of Performing Arts Office at 207-581-4703.

- C. Double Concentrations
 - 1. Students wishing to pursue double concentrations, double specializations, or double majors should be advised that it might take more than four years to complete their program of study.
- D. Scholarship Applications.
 - 1. Music Scholarship applications as well as information on these awards can be obtained from the School of Performing Arts Office or from the Academics page of our website at www.umaine.edu/spa. (Note: Certain specific scholarships have stipulations regarding status as music majors that have been dictated by the donors and must be adhered to).
 - 2. Students who receive scholarship awards through the Music Division are expected to participate in a music performance ensemble for credit each semester on the instrument or voice for which the award was given. If the student wishes to change that instrument or voice, the School of Performing Arts Music Scholarship Committee must approve the change.
 - 3. Students who are recipients of the Distinguished Student Scholarship Award for Visual and Performing Arts, which is administered through the Office of Admissions must participate each semester in an ensemble for credit in a capacity designated by the Chair of the Division of Music.

II. CURRICULUM OUTLINES AND CHECKLISTS

The following outlines indicate the requirements of each degree program offered to undergraduate music students at the University of Maine. The program checklists should be completed each semester as an ongoing record of progress toward the degree.

BACHELOR OF ARTS DEGREE

with a major in

MUSIC

Professor Phillip Silver, Advisor

This program is designed for the study of music within a strong liberal arts curriculum. It offers broad coverage of the field of music with emphasis upon the study of the history and theory of music. It furnishes an appropriate background for prospective candidates for advanced degrees who are preparing for non-performance centered careers (e.g. musicology, composition, music librarianship, radio and television, etc.). It does not qualify the graduate for certification as a public school music teacher.

Candidates for the degree must, before graduation, attain a level of performing ability equivalent to that required for the Junior Standing exam in the B.M. degree programs. Each instrumental area sets requirements for this exam. A Senior Project will be accomplished under the guidance of an assigned faculty member during the final semester of the senior year. This project (3 credit hours) will be chosen from one of the following areas: a research paper; an original composition, or, in consultation with the applied music instructor, a lecture-recital. (See *Recital Procedures and Checklist - Student Responsibilities*, pg. 39.) The B.A. in Music requires one year of a foreign language. All University of Maine students must complete all of the university general education requirements as well as College of Liberal Arts and Sciences Bachelor of Arts requirements.

B.A. MUSIC MAJOR REQUIREMENTS

MUH 201 - History of Western Music I	3 cr.
MUH 202 - History of Western Music II	3 cr.

BACHELOR OF MUSIC DEGREE
with a major in
MUSIC EDUCATION

Professor Louis Hall and Professor Jack Burt, Advisors

This is a four-year professional degree for students who intend to make music a career either as a public school teacher or supervisor of music. The degree provides for many professional opportunities and serves also as preparation for graduate study in music. Upon satisfactory completion of the music education course of study, the student is certified to teach music at both the elementary and secondary levels. A half hour recital is required in the junior year. All students elect an Instrumental Concentration, Vocal Concentration or Piano Concentration, however, a double concentration (instrumental/vocal) is available, to be noted on student's transcript, for B.M. Education majors. All music education students must pass a piano proficiency examination before graduation.

MENC

It is expected that all students enrolled in the music education degree program will be members of the Music Educators National Conference (MENC). This is the professional organization for music educators. For more information, contact Dr. Laura Artesani, the MENC faculty advisor.

NOTE: Guitar students may elect either the Instrumental or the Vocal concentration.

Comprehensive Methods Proficiency Exam

All students in the music education degree must successfully complete a comprehensive methods proficiency exam before the student teaching capstone experience. This exam consists of a review of the material covered in instrumental and vocal methods classes. It is recommended that this exam be taken early in the semester prior to student teaching. Students who do not pass the exam may retake it after a period of thirty days.

**Student must have completed MUP 205, 206, 215, and 216 or the equivalent as demonstrated by proficiency prior to private study.

NOTE: Guitar students may elect either the Instrumental or the Vocal concentration.

Comprehensive Methods Proficiency Exam

All students in the music education degree must successfully complete a comprehensive methods proficiency exam before the student teaching capstone experience. This exam consists of a review of the material covered in instrumental and vocal methods classes. It is recommended that this exam be taken early in the semester prior to student teaching. Students who do not pass the exam may retake it after a period of thirty days.

MUP 345 - Instrumental Conducting	3
MUE 403 - Instrumental Laboratory	1
MUE 401 - Organization & Dev. of the Instrumental Music Program	3

Piano students may choose either the Vocal track or the Instrumental track.

Comprehensive Methods Proficiency Exam

All students in the music education degree must successfully complete a comprehensive methods proficiency exam before the student teaching capstone experience. This exam consists of a review of the material covered in instrumental and vocal methods classes. It is recommended that this exam be taken early in the semester prior to student teaching. Students who do not pass the exam may retake it after a period of thirty days.

BACHELOR OF MUSIC DEGREE

with a major in

PERFORMANCE

Professor Nancy Ogle, Advisor

The Bachelor of Music Degree in Performance is designed to assist the music student to prepare for a career in music performance. This degree is offered for the following applied areas: standard orchestral and band instruments, piano, voice, classical guitar, and pipe organ. Emphasis is placed on performance; studies in music theory, music history and the liberal arts are also included. Graduation requirements include appropriate proficiency in playing or singing a substantial and varied repertoire, and musicianship of a high order. A half-hour recital is required in the junior year, and a full hour recital in the senior year.

All students enrolled in the Bachelor of Music in Performance Degree program must also complete all of the university general education requirements (Gen.Ed.). See pg. 35. Recommended Gen.Ed. courses: ARH 155 and THE 461.

<u>Requirements for the Bachelor of Music in Performance Degree</u>	<u>Credit Hours</u>
I. <u>Foreign Language Requirement for voice students:</u>	
Two semesters of study in a foreign language or pass the equivalent proficiency examination Students may fill this requirement by taking a semester of German and one of French. The course (not the proficiency) can count as a General Education requirement.	8 (or pass proficiency exam)
II. <u>Music Theory. Total 21-22 hours.</u>	
Elementary Harmony, Sight Singing and Ear Training (MUY 111, 112, 113, 114)	8
Advanced Harmony, Sight Singing and Ear Training (MUY 211, 212, 213, 214)	8
² Music Theory Electives - 5 credits minimum (selected from courses at or above MUY 300 level)	5-6
III. <u>Music History. Total 16 hours.</u>	
Survey of Music Literature (MUL 202, 200) 4	
History of Music (MUH 201, 202)	6
Electives: 6 hours (selected from MUH courses at or above the 300-level, HTY 484-History of Jazz, WST 250--Women and Music, or MUS 510 courses as approved by the Music History faculty)	6
IV. ³<u>Performance Major Applied Music Lessons - Instrumental = 24 hours / Vocal = 28 hours</u>	
MUS 100 Recital Lab (each semester of applied lessons)	0
Voice students take MUS 121 & 122 (diction classes) during First Year	4
First year and Sophomore year (before Junior Standing Examination): MUS 210	8
After passing Junior Standing Examination: MUS 450	16
V. Participation in Music Performance Organizations. Total 8 credits.	
All degree candidates must take 8 credits in ensembles, including at least 4 credits in a Large Ensemble in your major instrument or voice (piano and guitar students excepted) and 4 credits in a Small Ensemble in your major instrument or voice (such as Chamber Music I*, Opera Workshop, etc.) See page 39 for a list of ensembles.	8
Piano and guitar students may choose 8 credits in Small Ensembles. See page 39 for a list of ensembles.	
*All Chamber Music classes may be repeated for credit.	

²Choose from the following: MUY 310, MUY 315, MUY 422, MUY 451, MUY 452, MUY 461

Performance majors including piano students must pass a piano proficiency exam prior to graduation, or pass the fourth semester of class piano (MUP 216).

- VI. Piano students: Accompanying/Pedagogy/Literature (6 credits)
 Recommended 1st year: Piano Literature I and II - MUS 316, 318 (2 credits)
 Recommended 2nd year: Accompanying I and II - MUP 251, 252 (2 credits)
 Recommended 3rd year: Piano Pedagogy I and II - MUS 312, 314 (2 credits) 6
- VII. Voice Students: (11 credits)
 Pedagogy/Literature - MUS 310 (2 credits)
 THE 302 or other technical theatre course (3 credits)
 any THE or DAN electives (6 credits) 11
- NOTE: Pedagogy and Literature requirements in all areas other than piano and voice to be covered in applied lessons, master classes, studio classes, or other venues as determined by the teacher and documented in the syllabus.
- VIII. Basic Conducting (2 credits) 2
- IX. Electives
 Electives chosen from required University General Education courses (ARH 155 and THE 461 recommended) and music electives. One year of foreign language is required for voice students.
- X. The University of Maine requires that students have at least 120 credit hours to graduate.

Language (voice students) _____

Performance majors in the areas of percussion, winds, brass and strings are required to study the topics of pedagogy and literature in their applied area, as part of the applied lesson or applied master class/studio class, to be determined by your instructor. Voice and piano applied areas cover these topics through separate courses listed in the curriculum.

III. RECITAL AND PERFORMANCE REQUIREMENTS AND POLICIES

- A. Recital Lab Participation
1. Performance: MUS 100 Recital Lab. All music majors enrolled in applied music are required to attend the Monday afternoon Recital Lab from 2:10-3:00 pm in Minsky Recital Hall. Attendance is taken and grades are as follows: 0-1 unexcused absences=A, 2 unexcused absences=B, 3 unexcused absences=C, 4 unexcused absences=D, 5 or more unexcused absences=F.
 2. Barring well-documented illness, or other emergency, students must perform on the Monday Recital Lab for which they are signed up, unless a swap can be mutually agreed upon, and the School of Performing Arts Office has been adequately notified. Documentation of absences should be given to Laura Artesani, Assistant Chair, Music Division. With the exception of the first semester (MUS 210 or MUS 201), all music majors are required to perform once each semester on his/her primary instrument, or vocally if the major performance area is voice. This includes semesters in which required recitals, ex. Junior Recital, are performed.
 3. Recital Lab Forms for participation in this activity may be obtained from the School of Performing Arts Office. Completed forms are due at the School of Performing Arts Office no later than 4:00 p.m. Friday before the performance. Student recitals are limited to what is printed on this form. Applied teachers must approve not only their own student, but any student accompanists as well. Forms turned in without appropriate signatures will be returned to the student. Group performances may be approved for Monday recital requirement at the discretion of the applied faculty member(s) involved. Pianists performing on the Monday Recital Lab need not play from memory. Instructors may require participation of non-music major applied students at their own discretion.
 4. Monday Recital Labs are audio and video taped, whenever possible, and are available in the School of Performing Arts office for a 24-hour maximum sign-out.
 5. Students performing in Recital Lab are expected to perform with a piano accompanist if their selected piece calls for one. Students who plan to perform with a member of the piano faculty must give their music to the accompanist at least two weeks in advance. This allows adequate time for preparation and rehearsal. Students who fail to meet this deadline have the option of finding an accompanist who is not a member of the piano faculty, or performing a piece that has been written without piano accompaniment. All student accompanists must receive approval by the applied teacher of the soloist, which will be indicated on the Recital Lab form.
- B. Jury Examinations and Junior Standings
1. Semester Jury Examinations. Students enrolled for credit in applied music are required to perform before a jury of at least three members of the faculty (including the student's private instructor) each semester. The semester jury is waived during any semester that the student presents a juried solo recital or takes the Upper Division Examination (Junior Standing).
 2. Upper Division Examinations (Junior Standing). In all disciplines, upon completion of eight credit hours of studio instruction in the major discipline, each student is required to perform before the entire faculty of the Music Division. The purposes of this examination are:
 - a) To determine whether or not the student has mastered the technical problems of his/her instrument or voice to the extent that the student may progress to upper level applied music courses. Advancement to this level implies the reasonable expectation of a successful recital performance within the next two semesters.
 - b) To offer student and teacher objective comments and constructive criticism.
 - c) Completion of this jury fulfills the applied lessons requirement for the B.A. degree (called the Final Exam).
 3. Junior Standing juries are held only at the end of each semester of the academic year. Faculty will vote either for or against each student's passing the Junior Standing jury and the student will be permitted to advance to upper level studio courses, only if a simple majority of the faculty vote is positive. The student's applied teacher may veto a positive vote by the faculty

but not a negative vote. The applied teacher retains the responsibility of grade assignment, unless a student does not pass the exam, in which case a grade no higher than "D" is given. This policy applies to Junior Recital Hearings also.

4. Students performing in Junior Standing juries are required to provide the office with a hard copy of their program at least one week prior to the Junior Standing juries. Each student will begin with a selection of his/her choice, which will be listed first on the program. The faculty will then request other pieces from the program. The contents of the program must be approved by the student's studio teacher prior to the Junior Standing jury.
5. At Junior Standings examinations, if a student chooses a piece that needs accompaniment, the student is required to hire an accompanist for the performance. Accompanists needed for juries and junior standings are the financial responsibility of the student. Faculty hourly rates are posted on bulletin boards in the School of Performing Arts.
6. Grades for applied study are determined by the student's applied instructor in consultation with members of the jury. (See Grades, Sec. IV. E.)

C. Recitals

1. Requirements

- a) Bachelor of Music in Music Education. A half recital (30 minutes of music) is required during the sixth semester of applied lessons. Memorization of pieces chosen for Junior or Senior recitals is left to the discretion of the individual studio instructor and will be documented in the syllabus. Students performing degree recitals assume the responsibility of hiring an accompanist. (Also see E-3.)
- b) Bachelor of Music in Performance. A half recital (30 minutes of music) is required during the sixth semester of applied lessons, and a one-hour recital is required during the eighth semester of applied lessons. Memorization of pieces chosen for Junior or Senior recitals is left to the discretion of the individual studio instructor and will be documented in the syllabus. Students performing degree recitals assume the responsibility of hiring an accompanist. A student in the B.M. Performance program in voice may substitute three major on-campus opera roles for the second required recital on recommendation of the conductor and consent of the applied teacher. (Also see E-3.)
- c) If the student is capable, and the teacher agrees, the student's recital may exceed the required time length, but the student must make every attempt to have the jury hear the entire program. If this is clearly not possible where large numbers of people are involved, the applied teacher may approve the part that could not be adjudicated by the full jury.
- d) Students giving Junior or Senior Recitals should make their own arrangements to have their recitals recorded. The main office must approve anyone who runs SPA audio/video equipment. The recording will become property of the student. (MUS 100 Monday Recital Labs are video and audio taped and are available for a 24-hour sign-out from the main office, Room 208.) THE PROCESS DESCRIBED ABOVE IS FOR EQUIPMENT IN THE HALL. IF YOU ARE INTERESTED IN HIRING A PROFESSIONAL RECORDING ENGINEER TO MAKE A CD OR TAPE UTILIZING THE DIGITAL RECORDING STUDIO ABOVE THE HALL, PLEASE CONTACT FACILITY MANAGER DAVID ADKINS AT X-1781. THE USE OF THE RECORDING STUDIO EQUIPMENT (NOT THE ENGINEER) IS FREE TO ALL MUSIC MAJORS.

NOTES: All students are strongly encouraged to team in pairs for the Junior (30-minute) graduating recital.

No Division sponsored performances are to be presented during the last week of classes with the exception of the annual Yuletide Choral Concert. The School of Performing Arts Policy Advisory and Curriculum Committee must approve exceptions. Petitions can be made in writing to that committee.

D. Minsky Recital Hall Concert Grand Policy

1. "Limit use to 4 hours of rehearsal for pianists prior to recitals. Limit use to 3 hours of rehearsal for instrumentalists and vocalists prior to recitals. Limit use to 1 hour of rehearsal for all auditions and for Monday recital labs, and keep the piano locked at all times when not in use."

2. Students and their teachers need to plan ahead to obtain a key for hours when the main office is not open. Keys can be obtained through David Adkins, Facilities Manager, or from the main office during office hours.
3. Recital Procedures and Checklist - Student Responsibilities
 3. Scheduling.
 - a) Plan the recital(s) no later than during the fifth semester (the fifth and seventh semesters for performance majors).
 - b) Schedule the recital one semester in advance of the date of performance. (Recitals may not be presented during final exams, or during the week preceding the final exams.) Scheduling of the Recital Hall, as well as all other rooms, is through the Facilities Manager, David Adkins.
 - c) Permission of applied instructor of recitalist and instructor of accompanist are required for all recitals toward degree fulfillment. Non-degree recitals are left to the discretion of the applied teacher. All arrangements for non-degree recitals become the sole responsibility of the student.
 - d) Music education majors must present the recital before the semester of student teaching.
 - e) The recital hearing must be scheduled at least fourteen days before the recital.
 4. Accompanist and Applied Teacher.
 - a) Coordinate recital plans, including the dates for the recital hearing and the performance, with the accompanist and the applied instructor.
 - b) Secure the applied instructor's consent for the content and sequence of the recital program and for the selection(s) to be memorized if so required in the applied syllabus.
 5. Recital Hearing.
 - a) Present the complete recital program with the accompanist to a faculty jury of three, as selected by the student, including the student's applied teacher.
 - b) Furnish three word-processed copies of the program (with space for written comments after each selection) to the jurors at least one day before the recital hearing. (Also see C, above.)
 6. Programs and Publicity.
 - a) Recital publicity may begin after the student receives written notification that the recital hearing has been approved.
 - b) The student is responsible for creating his/her own program, but the School of Performing Arts Office will make copies.
 - c) The student must provide file copies of the program to the School of Performing Arts Office.
 - d) Posters may be placed on bulletin boards only in the Class of 1944 Hall, or office doors, by permission of occupant. No posting allowed on painted walls, access doors, or bathrooms.
 - e) The program must include the language, "In Partial Fulfillment of the degree (name of degree)."
 7. Recital Presentation
 - a) The student should arrange for a page-turner, stage manager and ushers.
- E. Music Ensemble Policy
 1. Participation Requirements
 - a) Bachelor of Arts (4 credits required)
 - (1) Three credits in a Large Ensemble
 - (2) One credit in a Small Ensemble
 - b) Bachelor of Music in Music Education (8 credits required)
 - (1) Instrumental Concentration:
 - (a) Five credits in any Large Instrumental Ensemble-credit in both the marching and jazz areas is strongly recommended
 - (b) Two Credits in any vocal or instrumental ensemble-small ensemble credit is strongly recommended

- (c) One Credit in a Large Vocal Ensemble
- (2) Vocal Concentration:
 - (a) Five credits in University Singers, Oratorio Society, or Collegiate Chorale
 - (b) Two credits in any vocal or instrumental ensemble-small ensemble credit is strongly recommended
 - (c) One credit in a Large Instrumental Ensemble or Lab Band, MUE 403
- (3) Guitar Students:
 - (a) Follow requirements for either Vocal or Instrumental Concentration.
- (4) Piano Concentration: Vocal Track:
 - (a) Follow requirements for Vocal Concentration.
- (5) Piano Concentration: Instrumental Track:
 - (a) Follow requirements for Instrumental Concentration.
- c) Bachelor of Music in Performance (8 credits required)
 - (1) Four credits in a large ensemble, performing in your major instrument/voice (Piano and Guitar students may choose 8 credits in Small Ensembles)
 - (2) Four credits in a small ensemble (major instrument or voice)
 - (3) One credit on a secondary instrument/voice may be substituted with the consent of the applied instructor in both areas

2. Approved ensembles are those that meet the criteria established by the Division of Music.

Large Ensembles

University Singers
 Collegiate Chorale
 Symphonic Band
 Concert Band
 Marching Band
 Jazz Ensemble
 University Orchestra
 Oratorio Society

Small Ensembles

Guitar Ensemble
 Athena Consort
 Percussion Ensemble
 Opera Workshop
 Chamber Music (MUO 149.01, MUP 511/512; may consist of any small group in any area, including jazz and Black Bear Chorus, with consent of the instructor)

F. The Piano Proficiency Requirement

Demonstration of piano proficiency is a requirement of all music majors in all undergraduate programs. For students whose major is not piano, this requirement is normally met through the successful completion of MUP 205, 206, 215, and 216. For piano students and other students whose piano skills exempt them from class piano, demonstration of the following skills is required through an examination, normally taken in the Junior or Senior year:

1. Performance of a piano piece of at least the scope and level of difficulty of a Sonatina by Clementi or Kuhlau; in addition, a simple vocal or instrumental accompaniment for another student, and sight-reading of a 4-part choral and simple piano piece.
2. Playing of all major and harmonic minor scales with correct fingering, two octaves.
3. Be able to play the following chord progression in three voices in the left hand in any major or minor key: tonic; subdominant in second inversion; dominant in first inversion (5th omitted).
4. Harmonization, using the chord pattern above, of a simple melody.
5. Transposition of that melody to other keys, with harmonization.
6. Harmonization of a lead sheet.
7. A short figured bass realization in four voices, keyboard style, with proper doubling and voice leading. Example will be assigned by examiner in advance, and prepared in advance.
8. Be able to play in alto clef and to do a Bb instrument transposition.

- G. Piano Study
1. Music Majors will be allowed to study private piano only after completion of MUP 205, 215, 216, or, successful completion of the equivalent piano proficiency exam. Does not apply to piano students.
 2. First-year music majors may enroll in MUP 205 only if enrolled in MUY 111 concurrently.
 3. Piano students are required to pass the piano proficiency exam for MUP 205, 206, 215, 216.
- H. Please keep our facility clean. Put chairs and stands back where you found them. NO FOOD OR BEVERAGES ARE ALLOWED IN CLASSROOMS OR PRACTICE ROOMS.

IV. OTHER ACADEMIC POLICIES

- A. A student is considered a music major upon:
1. acceptance based upon audition and the rest of the University of Maine admissions process;
 2. maintenance of grade point average consistent with college requirements, and;
 3. enrollment for credit in courses appropriate to his/her level within music curriculum.
 4. Because of the sequence of music courses and because of the extent of requirements for majors, it is necessary that in order for a student to “remain a music major in good standing,” a student must be enrolled in all required courses, in consultation with their advisor. The expectation is that students “stay on track” and show consistency in preparation as well as attendance. Any student requesting “Special Student” status will warrant the fees associated with non-majors.
- B. Advisement. It is the student’s responsibility to make an appointment to meet with their academic advisor prior to pre-registration. The RAN will be given to the student following the pre-registration advisement meeting. Academic advisors are available by appointment at other times of the academic year for advice and counsel on any issue related to your education.
- C. First Class. The First Class conferencing system is the official means of communication at the University of Maine. A message sent from an advisor to a student or vice versa over the First Class system constitutes an official notification. Many courses have associated First Class conferences where essential course information is posted. It is the student’s responsibility to consult their own First Class mailbox as well as any pertinent course or department conferences regularly for announcements or instructions.
- D. Website. Students can glean much information, download forms and documents, see schedules, and link to other important websites from www.umaine.edu/spa.
- E. Grades. Students enrolled in the Bachelor of Music Education, Bachelor of Music in Performance and Bachelor of Arts in Music degree programs must receive a C- or better in all music courses required for their degree program. This includes electives taken to meet the music requirements in their chosen degrees. Any music major who receives a semester grade lower than "C-" for applied lessons is automatically dropped from the program and must re-audition for re-admission.
- F. Pass/Fail - Students in Bachelor of Music degree programs may not take any course within the required 120-hour- requirement on a pass/fail basis. B.A. students have the option to use the pass/fail option according to the stipulations set forth in the University catalog.
- G. Audits. Students may audit music courses subject to the following provisions:
1. Full charge per credit
 2. No credit for course
 3. Grade of "H" will be given
 4. Auditing of any music course is by permission of the instructor only. No change of enrollment status is permissible after add-drop week. Professor or instructor determines the amount of class participation to which a student has a right.

- H. Transfer Credits in Applied Music
1. Any student currently enrolled in our program wishing to transfer credit in applied music from another institution to UM will be allowed to do so only by having the credit pre-approved by both instructor and advisor. The student must pass the course with a grade of "C" or better in order for the credit to be transferable.
- I. Policy on Course Proficiency and Credit
1. It is the policy of the Division of Music that no academic credit shall be granted for proficiency of any course work not substantiated by transcript.
 2. Credit for courses passed with a letter grade of "C" or better earned in NASM accredited programs is transferred for those courses determined to be equivalent to courses in UM Music Division programs.* Where no equivalent course exists in the UM catalog, the student receives "Music Elective" credit.
 3. Credit for courses passed with a letter grade of "C" or better earned in non-accredited programs is accepted as above only upon satisfactory completion of a proficiency examination over the content of the course in question.* Non-equivalent courses are assigned "Music Elective" credit as above without the student having to pass a proficiency examination.
- *Transfer courses in Applied Music are evaluated solely by the student's audition jury. Credit may be allowed for applied levels, which are prerequisite to the student's level of placement.
4. Students with transfer credits requesting advanced placement or certification approval will adhere to the following process:
 - a) The student and the instructor of the course/subject at issue hold an interview during which the instructor shows the syllabus to, discusses content with the student, and assesses whether or not the student is eligible for a proficiency examination.
 - b) If the instructor and student agree that passing a proficiency exam is a reasonable possibility, then instructor and student agree on the time, the place, and the form the examination should take. For example, a proficiency exam in woodwinds would be highly laboratory-oriented, while a history exam may be exclusively written.
 - c) If a student then passes the proficiency exam, it is the responsibility of the instructor to provide a short WRITTEN statement to the student, with copies for student's advisor and file, that he/she has shown competence in the course. Students applying for advanced standing within one of the Division's degree programs may have such a course waived as a requirement but will be required to pass elective courses equivalent to the number of semester hours waived before graduation.
 5. Proficiency credit is not allowed for any course for which transfer credits are not available from another school.
- J. Double Concentrations:
1. Students wishing to pursue double concentrations, double specializations, or double majors should be advised that it might take more than four years to complete their program of study.
- K. Applied Lessons After Completing Requirements:
- Students who complete the lessons required for their degrees who wish to continue with applied lessons in a non-major status may do so, contingent upon the availability of studio time of the instructor. Students may not use an independent study for lessons to avoid the non-major lesson fee.
- L. Pi Kappa Lambda
1. In April of 1989, Zeta Sigma Chapter of Pi Kappa Lambda was established at the University of Maine. Pi Kappa Lambda is the National Honor Society for Music. Each spring the faculty committee, which consists of those music division faculty who are members of the

society, votes to invite members of the Junior, Senior, and Graduate classes who have been nominated by the Executive Committee of the Society to join our chapter. The executive committee nomination is based on the guidelines of the Society, which have to do with grade point average, class standing, and musicianship. Membership in Pi Kappa Lambda is a nationally recognized high academic honor.

- M. Policy Advisory and Curriculum Committee
 - 1. A letter must accompany all student petition requests to the Policy Advisory and Curriculum Committee from the student's advisor, as well as any other faculty member involved with the request.

V. STUDENT TEACHING POLICIES AND REQUIREMENTS

Student teaching policies and requirements are listed in the University of Maine Undergraduate Catalog and in Guidelines for Student Teachers in Music, which is available from Bachelor of Music in Music Education advisors.

VI. POLICIES REGARDING PROFESSIONAL PREPARATION OF MUSIC EDUCATION MAJORS

- A. Instrumental Experiences for Vocal Concentration students. All vocal track music education majors are required to take one of the following instrumental music education courses: MUE 213/214-Woodwind Class; MUE 217-Brass Class; or MUE 222-Percussion Class. Following completion of one of these courses, vocal students will play a supplementary instrument for one semester in MUO 112 (Concert Band). We have not listed MUE 209 String Class, MUO 121 University Orchestra, MUO 111 Marching Band, or MUO 143 UM Jazz Ensemble, because there is no second division of these groups, as there is with MUO 114 Symphonic Band and MUO 112 Concert Band. However, students may take MUE 209 (String Class), MUO 121 (University Orchestra), MUO 111 (Marching Band), and MUO 143 (UM Jazz Ensemble) to fulfill the requirement with permission of the instructor.
- B. Each semester, a clinic on a topic related to music education will be held at a predetermined time. All music education majors must attend six clinics prior to student teaching. Attendance at an MENC conference also counts as one clinic.

VII. OTHER

- A. Student Representatives:
 - 1. The Division of Music in the School of Performing Arts requires each class (first-year, sophomore, junior, senior and graduate) to elect one student to represent them in meetings with the Assistant Chair Division of Music, and to attend Music Division faculty meetings. Be active in voicing ideas and concerns to your representatives, so they can in turn try and make a difference for you by taking all ideas and concerns to the School of Performing Arts administration.
- B. Copyright Law:

The following guidelines were developed and approved in April 1976 by the Music Publishers' Association of the United States, Inc., the National Music Publishers' Association, Inc., the Music Teachers National Association, the Music Educators National Conference, the National Association of Schools of Music, and the Ad Hoc Committee on Copyright Law Revision.

Guidelines for Educational Uses of Music

The purpose of the following guidelines is to state the minimum and not the maximum standards of educational fair use under Section 107 of HR 2223. The parties agree that the conditions determining the extent of permissible copying for educational purposes may change in the future; that certain types of copying permitted

under these guidelines may not be permissible in the future, and conversely that in the future other types of copying not permitted under these guidelines may be permissible under revised guidelines.

Moreover, the following statement of guidelines is not intended to limit the types of copying permitted under the standards of fair use under judicial decision and which are stated in Section 107 of the Copyright Revision Bill. There may be instances in which copying which does not fall within the guidelines stated below may nonetheless be permitted under the criteria of fair use.

A. Permissible Uses

1. Emergency copying to replace purchased copies which for any reason are not available for an imminent performance provided purchased replacement copies shall be substituted in due course.
2. For academic purposes other than performance, single or multiple copies of excerpts of works may be made, provided that the excerpts do not comprise a part of the whole which would constitute a performable unit such as a section, movement or aria, but in no case more than 10 percent of the whole work. The number of copies shall not exceed one copy per pupil.
3. Printed copies that have been purchased may be edited or simplified provided that the fundamental character of the work is not distorted or the lyrics, if any, altered or lyrics added if none exist.
4. A single copy of recordings of performances by students may be made for evaluation or rehearsal purposes and may be retained by the educational institution or individual teacher.
5. A single copy of a sound recording (such as a tape, disc, or cassette) of copyrighted music may be made from sound recordings owned by an educational institution or an individual teacher for the purpose of constructing aural exercises or examinations and may be retained by the educational institution or individual teacher. (This pertains only to the copyright of the music itself and not to any copyright which may exist in the sound recording.)

B. Prohibitions

1. Copying to create or replace or substitute for anthologies, compilations or collective works.
2. Copying of or from works intended to be "consumable" in the course of study or of teaching such as workbooks, exercises, standardized tests and answer sheets and like material.
3. Copying for the purpose of performance, except as in A (1) above.
4. Copying for the purpose of substituting for the purchase of music, except as in A (1) and A (2) above.
5. Copying without inclusion of the copyright notice, which appears on the printed copy.

VIII. SAMPLE FORMS -- REQUIRED

A. Sample Recital Hearing Format

(performance date)

Junior Recital

HEIDI MCCARTHY, clarinet
JODI OFFRET, clarinet
assisted by
Dr. Phillip Silver, piano

Program

Concert piece No. 2, Opus 114 Mendelssohn
Presto
