

## Fogler Library Resources and Services for Teaching and Research

**October 16, 2009**

*(Friday)*

**12:00 – 1:30 p.m.**

**Library Classroom,  
Fogler Library**

(to the left behind the  
Circulation kiosk at the  
side entrance)

Due to space  
limitations, please  
register by

**October 13**

by calling  
581-3472, or  
e-mail

[CTE@umit.maine.edu](mailto:CTE@umit.maine.edu)

This event is free and  
open to all UMaine  
faculty, instructors,  
and graduate students  
interested in teaching

Did you know that Fogler Library provides access to over 25,000 electronic journals? That the collection is expanding all the time to meet new needs? That library professionals are engaged in collaborative discussions with faculty and students about how to keep the library's central place in the academic community during a time of technological change?

**To help faculty members with their teaching and research needs,** Nancy Lewis and Jim Bird will demonstrate and discuss:

- access to electronic journals and subject-specific databases;
- efficient search techniques;
- special services for UMaine faculty members and graduate teaching assistants;
- ways in which Fogler professionals work with students who come to the library, including providing bibliographic instruction to over 180 classes a year; and
- Fogler's 3-credit, GenEd Information Literacy course, LBR 200.

If you would like to raise specific questions in advance, please send either Nancy Lewis or Jim Bird an e-mail (FirstClass).

**Facilitators:** *Nancy Lewis, Reference Dept. Head;*  
*Jim Bird, Science & Engineering Center Dept. Head.*
